Pricing

Lesson prices depend on group or 121 sessions. Please note that all lessons are conducted online via Zoom.

Lessons are to be paid for in advance on the 1st of each month rather than on a pay-as-you-go basis. If your child begins tutoring after the start of the month, the remaining sessions for that month are billed and due before their first lesson.

It's important to clarify that if your child misses a lesson, whether due to illness or a holiday, the fee for that session will still be applied and cannot be refunded. However, I genuinely care about my customers, and I will assess each case to determine if exceptional circumstances warrant a refund.

In the event your child misses a lesson and I have available slots elsewhere, I will make an effort to accommodate the missed session. Please be aware that this accommodation is not guaranteed, and in cases where it's not possible, your child will be directed to access the lesson materials for that week to ensure they can still access the week's content.

All payments are to be made via Stripe.

When the lessons run/holidays

My group sessions run during the school term only. Additional sessions during holiday time may be available. This will be advised prior and students can opt in if they wish. All sessions run on bank holidays except Good Friday 03.04.26 and if the bank holiday falls within the listed school holidays. My term dates are listed below. If its your child's school holidays and not mine (i.e. they don't match that week), this lesson will still take place, and therefore be chargeable, but I will see if there is any option to move your child to another day or do two lessons the week before for example. Again, this is not a guarantee and you/your child will be directed to the lesson resources. Bank holiday lessons will take place, unless the bank holiday falls within a half term or other school holiday week.

Student outcomes

I am dedicated to my work and ensuring the very best science education for your child. However, I cannot guarantee a particular grade for your child. I do ask for their current working at grade and their target grade, and do try my best to work towards the latter, but I cannot guarantee a particular grade because there are too many other factors that could affect your child's grade such as exam nerves, illness etc.

Refunds

Refunds are not provided; however, I will make an effort to accommodate session changes if there is availability. Please understand that I cannot guarantee this, but I will do my best to assist.

Canellations

If I need to cancel a lesson, I will provide you with as much notice as possible and offer a refund if I'm unable to find an alternative session that suits your preferences. Please be aware that either party can terminate the tutoring contract at any time, but I kindly request a two-week notice as a courtesy.

What to expect from Kirty.

- I will conduct myself professionally at all times.
- I will start and finish my lessons promptly
- I will make sure my lessons are thoroughly planned and contain plenty of questioning opportunities.
- I will have lesson resources prepared in advance
- I will give lesson feedback (after the lesson) to the group
- I will give homework opportunities after each lesson.
- I will keep student data (names and student pictures) confidential.
- I will store personal information securely and not pass this on to any third parties under the Data Protection Act.

What I expect from the student

- The student must arrive on time for the lesson.
- The student is expected to put in effort throughout the 60-minute lesson and seek assistance when needed.
- The student should have their lesson workbook ready and complete all assigned homework, making an independent effort to mark it.
- The student is required to have their microphone and, unless otherwise agreed with the parent, webcam on during the lesson.
- The student should show respect towards fellow group members by refraining from asking personal questions or causing harm to others (either via zoom, Google Classrooms, or any other means of contact).
- Unless students knew each other prior to joining tutoring with Kirty, they must not attempt to search for or contact anyone from their online group (via Zoom, Google Classrooms, or any other means of contact), either during or after their tutoring sessions with Kirty.
- The student should not ask Kirty to complete their homework or any other school assignments.
- Any recorded lessons are intended solely for the benefit of the students within the group and should not be shared with individuals outside the tutored group. Sharing these recordings violates the terms and conditions and presents a safeguarding risk. In such cases, the matter will be reported to the relevant professional bodies, and Kirty reserves the right to terminate tutoring with your child.

What I expect from the parent

- Parents are expected to facilitate their child's online lessons by ensuring they have all necessary resources at hand, such as a reliable internet connection, writing materials, stationery, calculator, and workbooks.
- Parents should promptly contact Kirty if they have any concerns or questions regarding their child's online science lessons.
- Payment is due on the 1st of each month.
- Parents are required to provide Kirty with their child's current working grades and target grades for science.
- If the parent chooses to continue with Kirty's science lessons after the trial session, they are obligated to purchase the appropriate workbooks as directed by Kirty.
